## **Report of Independent Registered Public Accounting Firm**

To the Members and the Board of Directors of Ironwood Institutional Multi-Strategy Fund LLC

### **Opinion on the Financial Statements**

We have audited the accompanying consolidated statement of assets and liabilities of Ironwood Institutional Multi-Strategy Fund LLC (the “Fund”), including the consolidated schedule of investments, as of April 30, 2021, and the related consolidated statements of operations and cash flows for the year then ended, the consolidated statements of changes in net assets for each of the two years in the period then ended, the consolidated financial highlights for each of the five years in the period then ended and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the consolidated financial position of the Fund at April 30, 2021, the consolidated results of its operations and its cash flows for the year then ended, the consolidated changes in its net assets for each of the two years in the period then ended and its consolidated financial highlights for each of the five years in the period then ended, in conformity with U.S. generally accepted accounting principles.

### **Basis for Opinion**

These financial statements are the responsibility of the Fund’s management. Our responsibility is to express an opinion on the Fund’s financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Fund is not required to have, nor were we engaged to perform, an audit of the Fund’s internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Fund’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of investments owned as of April 30, 2021, by correspondence with the investment managers or administrators of the investment funds or by other appropriate auditing procedures where replies from the investment managers or administrators of the investment funds were not received. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

*Ernst & Young LLP*

We have served as the Fund’s auditor since 2010.

Ironwood Institutional Multi-Strategy Fund LLC  
Consolidated Schedule of Investments (continued)  
April 30, 2021

All investments are domiciled in the Cayman Islands except as noted.

\* Investment fund is domiciled in the United States.

\*\* Investment fund is domiciled in Luxemburg.

\*\*\* Investment fund is domiciled in the Bahamas.

Complete information about all of the investment funds' underlying investments is not readily available.

- (1) Investments in investment funds may be composed of multiple share classes that may have different net asset values per share.
- (2) Investments in investment funds may be composed of multiple tranches. The Next Available Redemption Date relates to the earliest date after April 30, 2021 that a redemption from a tranche is available without a redemption fee.
- (3) Available frequency of redemptions without a redemption fee after initial lock-up period, if any. Different tranches may have different liquidity terms. Redemption notice periods range from 30 to 120 days. Lock-up periods range from 12 to 36 months. It is unknown when restrictions will lapse for any fund level gates, suspensions, or side pockets.
- (4) Subject to a 25% quarterly investor level gate.
- (5) Subject to a 12.5% quarterly investor level gate.
- (6) Subject to an 8.33% quarterly investor level gate. If fund level redemptions are less than 8.33%, then the 8.33% investor level gate does not apply.
- (7) Approximately 81% of this investment is subject to a 25% quarterly investor level gate. The remaining 19% of this investment is subject to a 12.5% quarterly investor level gate.
- (8) Approximately 67% of this investment is subject to a 25% quarterly investor level gate. The remaining 33% of this investment is subject to a 5% quarterly investor level gate.
- (9) Approximately 48% of this investment is available for redemption quarterly, subject to a 12.5% investor level gate. Approximately 1% of this investment is earmarked for potential private investments. The earmarked balance is available for redemption quarterly, subject to a 12.5% investor level gate, only after the aforementioned non-earmarked balance has been fully redeemed. Approximately 51% of this investment is invested in private investments, which do not have set redemption timeframes.

*See accompanying notes to consolidated financial statements.*

Ironwood Institutional Multi-Strategy Fund LLC  
Consolidated Schedule of Investments (continued)  
April 30, 2021

- <sup>(10)</sup> Subject to a 16.67% semi-annual investor level gate.
- <sup>(11)</sup> Approximately 86% of this investment is subject to a 25% quarterly investor level gate. The remaining 14% of this investment is subject to a 12.5% quarterly investor level gate.
- <sup>(12)</sup> Approximately 98% of this investment is available for redemption quarterly. The remaining 2% of this investment is invested in private investments, which do not have set redemption timeframes.
- <sup>(13)</sup> Approximately 85% of this investment is available for redemption quarterly. Approximately 13% of this investment is available for redemption annually. The remaining 2% of this investment is invested in private investments, which do not have set redemption timeframes.
- <sup>(14)</sup> Approximately 95% of this investment is available for redemption annually, subject to a 25% investor level gate. The remaining 5% of this investment is invested in private investments, which do not have set redemption timeframes.
- <sup>(15)</sup> Approximately 93% of this investment is available for redemption semi-annually, subject to a 25% investor level gate. The remaining 7% of this investment is available for redemption semi-annually, subject to a 12.5% investor level gate.
- <sup>(16)</sup> The investment fund is a term vehicle and does not have a set redemption timeframe.
- <sup>(17)</sup> The investment funds do not have set redemption timeframes but are liquidating investments and making distributions as underlying investments are sold.
- <sup>(18)</sup> The rate shown is the annualized 7-day yield as of April 30, 2021.

<sup>(a)</sup> Calculated based on the average units outstanding methodology.

<sup>(b)</sup> Total return assumes a subscription of a unit in the Fund at the beginning of the year, a repurchase of the unit on the last day of the year, and the re-investment of all distributions during the year.

<sup>(c)</sup> Ratios do not reflect the Fund's proportionate share of the expenses of the investment funds.

<sup>(d)</sup> Ratios do not reflect the Fund's proportionate share of the income and expenses of the investment funds.

The above ratios and total return have been calculated for the Members taken as a whole. An individual Member's return and ratios may vary from these returns and ratios due to the timing of unit transactions.

Ironwood Institutional Multi-Strategy Fund LLC  
Notes to Consolidated Financial Statements  
Year Ended April 30, 2021

## 1. Organization

Ironwood Institutional Multi-Strategy Fund LLC (the “Fund”) was organized under the laws of the state of Delaware as a limited liability company on August 25, 2010 and commenced operations on January 1, 2011. The Fund is registered under the U.S. Investment Company Act of 1940, as amended (the “1940 Act”) as a closed-end, non-diversified management investment company. The Fund is also registered under the U.S. Securities Act of 1933, as amended (the “1933 Act”). The Fund currently complies, and intends to continue to comply with the requirements of Subchapter M of the U.S. Internal Revenue Code of 1986, as amended (the “Code”), as such requirements are described in Note 2.

The Fund’s investment objective is capital appreciation with limited variability of returns. The Fund attempts to achieve this objective by allocating capital among a number of pooled investment vehicles. Each is managed by an independent investment manager pursuant to various alternative investment strategies, including relative value; market neutral and low net equity; event-driven; and distressed and credit securities.

The Fund is a master fund in a master-feeder structure whereby Ironwood Multi-Strategy Fund LLC (the “Feeder Fund”) invests substantially all of its assets in the Fund. As of April 30, 2021, the Feeder Fund owned 51.78% of the Fund’s net assets. Other eligible investors (together with the Feeder Fund, “Members”) in the Fund include high net worth individuals, foundations, pensions, and other institutions.

Ironwood Capital Management serves as the Fund’s investment adviser (the “Adviser”) and is responsible for providing day-to-day investment management services to the Fund, subject to the oversight of the Fund’s Board of Directors (the “Board”). The Adviser is registered as an investment adviser with the U.S. Securities and Exchange Commission under the U.S. Investment Advisers Act of 1940, as amended. The Adviser is also registered as a Commodity Pool Operator with the U.S. Commodity Futures Trading Commission and is a member of the National Futures Association. The Board has overall responsibility for monitoring and overseeing the Fund’s investment program and its management and operations. The majority of the members of the Board are not “interested persons” (as defined by the 1940 Act) of the Fund or the Adviser.

The Fund utilizes the Bank of New York Mellon (the “Administrator” and “Custodian”) as its independent administrator and custodian.

## 2. Significant Accounting Policies

### *Basis of Presentation*

The following significant accounting policies are in conformity with U.S. generally accepted accounting principles (“U.S. GAAP”). Such policies are consistently followed by the Fund in

Ironwood Institutional Multi-Strategy Fund LLC  
Notes to Consolidated Financial Statements (continued)

the preparation of its consolidated financial statements. The consolidated financial statements are expressed in U.S. dollars.

The Fund is an investment company as described in Accounting Standards Codification (“ASC”) Topic 946, *Financial Services-Investment Companies* (“ASC 946”), which defines investment companies and prescribes specialized accounting and reporting requirements for investment companies. The Fund follows the accounting and reporting guidance in ASC 946.

*Use of Estimates*

The preparation of these consolidated financial statements in conformity with U.S. GAAP requires the Adviser to make estimates and assumptions that affect the reported amounts and disclosures in the consolidated financial statements, including the estimated fair value of investments. Actual results could differ from those estimates.

*Basis of Consolidation*

The consolidated financial statements include the financial position and the results of operations of the Fund and its wholly owned subsidiary, Ironwood Multi-Strategy Fund Ltd. (“CFC”), a Cayman Islands controlled foreign corporation. CFC has the same investment objective as the Fund and is primarily used to invest in investment funds which do not allow U.S. entities to invest directly. As of April 30, 2021 and for the year then ended, no investment funds were held by the wholly owned subsidiary.

*Net Asset Value Determination*

The net asset value of the Fund is determined as of the close of business at the end of any fiscal period, generally monthly, in accordance with the valuation principles set forth below or as determined pursuant to policies established by the Board.

*Portfolio Valuation*

The Fund values its investments in investment funds at fair value in accordance with ASC Topic 820, *Fair Value Measurements and Disclosures* (“ASC 820”). See Note 4 for more information.

*Cash*

The Fund places its cash in accounts with entities that are affiliated with the Custodian and the Administrator and, at times, such balances may be in excess of the Federal Deposit Insurance Corporation insurance limits. The Adviser monitors the financial condition of such entities and does not anticipate any losses from these counterparties.

Ironwood Institutional Multi-Strategy Fund LLC  
Notes to Consolidated Financial Statements (continued)

*Income and Expense Recognition*

The Fund records investment transactions on a trade date basis and recognizes income and expenses on an accrual basis. Income, expenses, and realized and unrealized gains and losses are recorded monthly. Changes in the investment funds' fair values are included in net change in unrealized appreciation/depreciation on investments on the consolidated statement of operations. Realized gain (loss) from investments in investment funds is calculated using the specific identification methodology.

*Income Taxes*

The Fund currently complies, and intends to continue to comply with the requirements of Subchapter M of the Code applicable to Regulated Investment Companies ("RICs") and distributes substantially all of its taxable income to its Members. Therefore, no provision for federal income taxes is required. The Fund files tax returns with the U.S. Internal Revenue Service and state(s) as applicable. The Fund has concluded there are no significant uncertain tax positions that would require recognition in the consolidated financial statements as of April 30, 2021. If applicable, the Fund recognizes interest accrued related to liabilities for unrecognized tax in interest expense and penalties in other expenses on the consolidated statement of operations. The open tax years under potential examination vary by jurisdiction, but in general tax authorities can examine all tax returns filed for the last three tax years.

The Fund has a tax year that ends on April 30.

*Dividend Reinvestment Plan*

Each Member will have all income distributions and capital gains distributions automatically reinvested in additional units unless such Member specifically elects to receive all income distributions and capital gains distributions in cash.

*Recent Accounting Pronouncement*

In March 2020, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update ("ASU") 2020-04, *Reference Rate Reform (Topic 848): Facilitation of the Effects of Reference Rate Reform on Financial Reporting* ("ASU 2020-04"). ASU 2020-04 provides optional expedients and exceptions for applying U.S. GAAP to contracts, hedging relationships, and other transactions affected by reference rate reform if certain criteria are met. The amendments apply only to contracts that reference the London Interbank Offered Rate or another reference rate that is expected to be discontinued due to reference rate reform. This guidance was effective upon issuance and may be applied prospectively for contract modifications that occur from March 12, 2020 through December 31, 2022. ASU 2020-04 does not apply to contract modifications that occur after December 31, 2022. The Fund has evaluated ASU 2020-04 and there was no impact on the Fund's financial statements for the year ended April 30, 2021.

### **3. Financial Instruments with Off-Balance Sheet Risk**

In the normal course of business, the investment funds in which the Fund invests trade various financial instruments and enter into various investment activities with off-balance sheet risk. These include, but are not limited to, short selling activities, written option contracts, and swaps. The Fund's risk of loss in these investment funds is limited to the value of the Fund's interest in these investment funds as reported by the Fund.

### **4. Fair Value of Financial Instruments**

ASC 820 provides for the use of net asset value (or its equivalent) as a practical expedient to estimate fair value of investments in investment funds, provided certain criteria are met. Accordingly, the Fund values its investments in investment funds at fair value, which is an amount equal to the sum of the Fund's proportionate interests in the investment funds, as determined from financial information provided by the respective administrators or investment managers of the investment funds. These fair values represent the amounts the Fund would receive if it were able to liquidate its investments in the investment funds as of the measurement date, prior to any early withdrawal charges, if applicable. Some values received are estimates, subject to subsequent revision by the respective administrators or investment managers. Values received are generally net of management fees and incentive fees or allocations payable to the investment funds' investment managers pursuant to the investment funds' operating agreements. The investment funds value their underlying investments in accordance with policies established by each investment fund, as described in each of their financial statements or offering memoranda.

The investment funds hold positions in readily marketable investments and derivatives that are valued at quoted market values and/or less liquid non-marketable investments and derivatives that are valued at estimated fair value. The mix and concentration of more readily marketable investments and less liquid non-marketable investments varies across the investment funds based on various factors, including the nature of their investment strategy. The Fund's investments in investment funds are subject to the terms and conditions of the respective operating agreements and offering memoranda.

The Adviser has designed ongoing due diligence processes with respect to investment funds, their administrators, and their investment managers. The Adviser assesses the quality of information provided and determines whether such information continues to be reliable or whether further investigation is necessary. Such investigation, as applicable, may require the Adviser to forego its normal reliance on the value provided and to independently determine the fair value of the Fund's interest in the investment fund.

The Adviser has designated a committee to oversee the valuation of the Fund's investments (the "Valuation Committee"). The Valuation Committee is comprised of senior personnel, the majority of whom are separate from the Fund's portfolio management team, and is responsible for developing written valuation policies and procedures, conducting periodic reviews of those

Ironwood Institutional Multi-Strategy Fund LLC  
Notes to Consolidated Financial Statements (continued)

policies and procedures, and evaluating the overall fairness and consistent application of the valuation policies and procedures. The Valuation Committee meets on a quarterly basis or more frequently as needed.

If no value is readily available from an investment fund or if a value supplied by an investment fund is deemed by the Valuation Committee not to be indicative of its fair value, the Valuation Committee would determine, in good faith, the fair value of the investment fund under procedures adopted by the Board and subject to Board oversight. Because of the inherent uncertainty of valuation, the fair values of the investment funds held by the Fund may differ significantly from the values that would have been used had a ready market for the investment funds been available. As of and for the year ended April 30, 2021, all investments in investment funds were valued using the values provided by the investment funds or their administrators.

Short-term investments consist of investments in money market funds. These investments are valued at their respective net asset value per share and are categorized as Level 1 in the fair value hierarchy, as defined in ASC 820.

In accordance with U.S. GAAP, investments in investment funds that are valued at net asset value as a practical expedient are not required to be included in the fair value hierarchy. All investments in investment funds were valued at their respective net asset value as of April 30, 2021, and are excluded from the fair value hierarchy.

As of April 30, 2021, less than 0.01% of the Fund's net assets were invested in investment funds that do not have set redemption timeframes but are liquidating investments and making distributions as underlying investments are sold. Additionally, approximately 5.51% of the Fund's net assets were invested in designated private investments maintained by the investment funds or in term vehicles, which do not have set redemption timeframes. The timing of when these investments will be liquidated is unknown.

The following is a summary of the investment strategies of the investment funds held by the Fund as of April 30, 2021.

Relative value strategies attempt to capture pricing anomalies between assets that for all economic purposes are identical. Relative value strategies capture these inefficiencies by utilizing a combination of assets including bonds, stocks, swaps, options, exchange traded funds, currencies, futures, etc. One such strategy is capital structure arbitrage which involves the purchase and short sale of different classes of securities of the same issuer where there is a relative mispricing between two classes of securities. An example of this strategy is the purchase of undervalued senior secured debt and the short sale of overvalued subordinated unsecured debt or common equity. Other examples of relative value strategies include fixed income arbitrage, relative value interest rates, convertible bond arbitrage, relative value energy, and quantitative strategies. Generally, investment funds within this strategy require a 30 to 90 day notice period to redeem at the next available redemption date.

Ironwood Institutional Multi-Strategy Fund LLC  
Notes to Consolidated Financial Statements (continued)

Market neutral and low net equity strategies involve the purchase of a stock or basket of stocks that is relatively underpriced as well as selling short a stock or basket of stocks that is relatively overpriced. Depending on the manager's investment strategy, the determination of whether a stock is overpriced or underpriced can be made through fundamental analysis (a fundamental strategy) or by complex statistical models that examine numerous factors that affect the price of a stock (a quantitative strategy). The Adviser will utilize equity managers that target well-hedged and low net exposures and/or use a balanced approach to investing, i.e., they are short approximately the same dollar value of stocks they are long. Generally, investment funds within this strategy require a 45 to 90 day notice period to redeem at the next available redemption date.

Event-driven strategies involve the assessment of how, when, and if specific transactions will be completed and the effect on corporations and financial assets. A common event-driven strategy is merger arbitrage (also called risk arbitrage). This involves the purchase of the stock of a target company involved in a potential merger and, in the case of a stock-for-stock offer, the short sale of the stock of the acquiring company. The target company's stock would typically trade at a discount to the offer price due to the uncertainty of the completion of the transaction. The positions may be reversed if the manager feels the acquisition may not close. This strategy aims to capture the spread between the value of the security at the close of the transaction and its discounted value at the time of purchase. Other examples of event-driven strategies and opportunities include corporate restructurings, spin-offs, operational turnarounds, activism, asset sales, and liquidations. Generally, investment funds within this strategy require a 60 to 90 day notice period to redeem at the next available redemption date.

Distressed strategies involve the purchase or short sale of debt or equity securities of issuers experiencing financial distress. These securities may be attractive because of the market's inaccurate assessment of the issuer's future potential or the values and timing of recoveries. Managers may obtain voting rights or control blocks and actively participate in the bankruptcy or reorganization process while other investors may remain passive investors. Examples of distressed securities trades include bankruptcies, liquidations, post-restructured equities, structured credit, and balance sheet restructurings. Credit strategies involve a variety of strategies intended to exploit inefficiencies in the high-yield and related credit markets. Generally, investment funds within these strategies require a 90 to 120 day notice period to redeem at the next available redemption date.

## **5. Investment Transactions**

Total purchases of investment funds for the year ended April 30, 2021 were \$448,169,732. Total redemptions from investment funds for the year ended April 30, 2021 were \$433,613,136.

## **6. Subscriptions and Redemptions**

The minimum initial investment by Members is \$50,000 and the minimum subsequent investment is \$10,000, both subject to waiver by the Adviser. Members may purchase units as of the first business day of the month.

Ironwood Institutional Multi-Strategy Fund LLC  
Notes to Consolidated Financial Statements (continued)

Subscriptions received in advance and subscriptions received in advance from Ironwood Multi-Strategy Fund LLC represent the amounts received on or prior to April 30, 2021 for subscriptions with an effective date of May 1, 2021.

Foreside Fund Services, LLC acts as the distributor (the “Distributor”) of the Fund’s units. The Distributor has entered into, and may continue to enter into, selected dealer agreements with various brokers and dealers (“Selling Agents”) that agree to participate in the distribution of the Fund’s units. Investments in the Fund’s units may be subject to a sales charge (a “Sales Charge”) of up to 2.00%. The Sales Charge is in addition to the subscription price for units and does not form a part of a Member’s investment in the Fund. Generally, the Sales Charge relating to units is paid directly to the Selling Agent that assisted in the placement of such units.

The Board, in its sole and absolute discretion, may authorize the Fund to make a tender offer to repurchase Members’ units (an “Offer”).

In determining whether the Fund should make an Offer to repurchase units from Members, the Board will consider, among other things, the recommendation of the Adviser. The Adviser expects that it will recommend to the Board that the Fund make an Offer to repurchase units from Members semi-annually on June 30 and December 31. While there can be no guarantee that it will continue this practice, to date, the Fund has offered to repurchase 10 – 20% of its units at each of its June 30 and December 31 Offers.

As part of each Offer, Members of the Fund may request to tender units and immediately subscribe the resulting proceeds to the Feeder Fund. As part of the Feeder Fund’s tender offers, Members of the Feeder Fund may request to tender units and immediately subscribe the resulting proceeds to the Fund. In these circumstances, the Fund and the Feeder Fund process the transactions without requiring the payment or receipt of cash. For the year ended April 30, 2021, the total amount of non-cash subscriptions was \$616,312.

A 5% early repurchase fee is charged on repurchased units that have been held less than one year, payable to the Fund. The Board or the Adviser may waive the imposition of the early repurchase fee.

## **7. Advisory Fee, Related Party Transactions, and Other Expenses**

In consideration of the advisory and other services provided by the Adviser to the Fund, the Fund pays the Adviser a monthly advisory fee of 0.10% (1.20% per annum) of the Fund’s month end net asset value. The advisory fee is an expense paid out of the Fund’s assets and is computed based on the value of the net assets of the Fund as of the close of business on the last calendar day of each month, before adjustments for any repurchases effective on that day. The advisory fee is payable in arrears as of the last calendar day of the applicable quarter and is in addition to the asset-based management fees and incentive fees or allocations charged by the investment funds and indirectly borne by Members in the Fund. For the year ended April 30, 2021, the Fund

Ironwood Institutional Multi-Strategy Fund LLC  
Notes to Consolidated Financial Statements (continued)

incurred advisory fees of \$33,619,312, of which \$9,190,943 was payable to the Adviser as of April 30, 2021.

The Fund pays all investment expenses, including, but not limited to, brokerage commissions and all other costs of executing transactions, interest expense, commitment fees, custody fees, its share of expenses of the investment funds, including management fees to the investment managers of the investment funds (ranging from 0.00% to 3.50% of net asset value) and incentive fees or allocations to such investment managers (ranging from 0% to 35% of net profits). The Fund also pays all ongoing ordinary administrative and operational costs of the Fund, including (but not limited to) legal costs, audit and tax preparation fees, fees paid to the Administrator, fees paid to the regulatory and compliance administrator, risk monitoring fees, filing fees, insurance expense, bank charges, and taxes. The Fund will also pay any extraordinary operating expenses. Among the Fund's operating expenses are certain costs that may be associated in part with the Feeder Fund that are not clearly allocable on a separate basis, such as joint vendor contracts. The Feeder Fund is the largest member of the Fund and as such bears a significant pro rata share of all expenses of the Fund.

The Adviser will bear all ongoing ordinary administrative and operational costs of the Adviser, including employees' salaries, office rent, travel costs, computer and equipment costs, telephone bills, office supplies, research and data costs, legal costs, accounting costs, filing costs, and communication expenses.

The Adviser has entered into an agreement with the Fund (the "Expense Limitation Agreement") whereby it has contractually agreed to waive its fees and/or reimburse the Fund's expenses to the extent necessary to ensure that the monthly expenses of the Fund (excluding taxes, brokerage commissions, interest expense and commitment fees incurred in connection with any credit facility, other transaction related expenses, custody fees, bank charges, any extraordinary expenses of the Fund, any acquired fund fees and expenses, and the advisory fee) will not exceed 0.020833% (0.25% per annum) of the Fund's net assets as of each month end during the term of the Expense Limitation Agreement (the "Expense Limitation"). The Fund will carry forward, for a period not to exceed 3 years from the date on which a waiver or reimbursement is made by the Adviser, any expenses in excess of the Expense Limitation and repay the Adviser such amounts; provided that the Fund is able to effect such reimbursement and remain in compliance with the Expense Limitation disclosed in the prospectus that was in effect at the time of the original waiver.

Eligible expenses were below the Expense Limitation and no eligible expenses were recaptured under the Expense Limitation Agreement during the year ended April 30, 2021. There are no amounts subject to potential future reimbursement.

Compensation to the independent directors for the year ended April 30, 2021 was \$120,000.

Ironwood Institutional Multi-Strategy Fund LLC  
Notes to Consolidated Financial Statements (continued)

As of April 30, 2021, directors, officers, and the Adviser and its employees held units in the Fund as follows:

	<b>Units</b>	<b>Percent of Net Assets</b>
Directors	1,153.47	0.04%
Officers	126.05	0.01%
Adviser and its employees	3,588.75	0.14%
Total	4,868.27	0.19%

### 8. Credit Facility

The Fund maintains a secured credit agreement with an unaffiliated bank for a line of credit (the “Credit Facility”) maturing on April 14, 2022. The maximum availability under the Credit Facility is \$300,000,000, subject to specific asset-based covenants. Borrowings are collateralized in full by certain assets of the Fund and bear interest at an annual rate of London Interbank Offered Rate (or its successor rate defined in the credit agreement, if applicable) plus 1.35% (the “Spread”). Between July 14, 2020 and April 14, 2021, the maximum availability was \$250,000,000 and the Spread was 1.45%. Prior to July 14, 2020, the maximum availability was \$200,000,000 and the Spread was 1.35%. The Fund also pays an annual commitment fee of 0.40% on the amount by which the maximum availability exceeds the outstanding loan balance. Interest and commitment fees are accrued daily and, if not repaid by month end, are automatically added to the principal amount of the loan balance.

Commitment fees incurred for the year ended April 30, 2021 are included on the consolidated statement of operations. For the year ended April 30, 2021, the Fund had no outstanding loan balance. If the Fund had an outstanding loan balance as of April 30, 2021, the interest rate in effect would have been 1.46%.

### 9. Income Taxes

The Fund generally invests in investment funds organized outside the United States that are treated as corporations for U.S. tax purposes and are expected to be classified as passive foreign investment companies (“PFICs”). Certain PFICs provide information regarding the amount of U.S. taxable income and gain. For such PFICs, the Fund has made Qualified Electing Fund (“QEF”) elections for tax purposes.

For other PFICs that do not provide information regarding taxable income and gain, the Fund has made mark-to-market (“MTM”) elections which convert any unrealized gain to ordinary taxable income.

The Fund also invests in investment funds organized in the U.S. that are treated as partnerships for U.S. income tax purposes.

Ironwood Institutional Multi-Strategy Fund LLC  
Notes to Consolidated Financial Statements (continued)

Net investment income (loss) and net realized gain (loss) from investments in investment funds may not be treated the same for financial statement and for U.S. tax purposes. Temporary book-tax differences result when the Fund holds an investment in an investment fund, and such temporary book-tax differences generally become permanent upon disposal of the investment fund.

As of April 30, 2021, the aggregate cost and related gross unrealized appreciation and depreciation for tax purposes were as follows:

Cost of investments for tax purposes	\$	2,888,547,993
Gross tax unrealized appreciation	\$	181,420,359
Gross tax unrealized depreciation		(1,246,629)
Net tax unrealized appreciation on investments	\$	<u>180,173,730</u>

Permanent differences, due to deemed distributions attributable to redemptions of Units, resulted in the following reclassifications among the Fund's components of net assets as of April 30, 2021:

Accumulated earnings	\$	(4,911,249)
Paid-in capital		4,911,249

*Distribution of Income and Gains*

The Fund declares and pays dividends annually from net investment income. Net realized gains, if any, are distributed at least annually. Distributions from net realized gains for book purposes may include short-term capital gains, which are included as ordinary income for tax purposes.

For the years ended April 30, 2021 and April 30, 2020, the tax character of distributions paid was as follows:

<u>Tax Character</u>	<u>April 30, 2021</u>	<u>April 30, 2020</u>
Ordinary income	\$ 184,733,173	\$ 72,100,199
Long-term capital gains	5,492,977	-

As of April 30, 2021, the components of distributable earnings on a tax basis were as follows:

Undistributed ordinary income	\$	81,133,522
Undistributed long-term capital gains		12,702,115
Net unrealized appreciation		180,173,730
Accumulated earnings	\$	<u>274,009,367</u>

As of April 30, 2021, the Fund did not have any available unused short-term capital losses or unused long-term capital losses for federal income tax purposes.

Ironwood Institutional Multi-Strategy Fund LLC  
Notes to Consolidated Financial Statements (continued)

**10. Commitments and Contingencies**

As of April 30, 2021, the Fund had unfunded capital commitments to investment funds of \$132,442,991.

**11. Indemnification**

In the normal course of business, the Fund enters into contracts that provide general indemnifications and that contain a variety of representations and warranties. The Fund's maximum exposure in connection with these contracts is unknown, as this would involve future claims that may be made against the Fund that have not yet occurred. However, no claims have been made under these indemnities in the past, and while there can be no assurances in this regard, the Fund is not aware of any such claims that may be made in the future.

**12. Other Matters**

Beginning in January 2020, global financial markets have experienced and may continue to experience significant volatility resulting from the spread of a novel coronavirus known as COVID-19. The outbreak of COVID-19 has resulted in, among other things, travel and border restrictions, quarantines, supply chain disruptions, and general market uncertainty. The outbreak of COVID-19 may adversely affect financial markets and the global economy, which may impact the Fund's performance.

**13. Subsequent Events**

The Adviser has performed a subsequent events review and determined that there were no subsequent events which would have a significant impact on the Fund's financial position or results of operations.

Ironwood Institutional Multi-Strategy Fund LLC  
Supplemental Information  
(Unaudited)

**Fund Management**

The Fund’s officers are appointed by the Board of Directors and oversee the management of the day-to-day operations of the Fund subject to the oversight of the Board of Directors. One of the directors and all of the officers of the Fund are officers or employees of Ironwood Capital Management (the “Adviser” or “Ironwood”). The other directors (the “Independent Directors”) are not affiliated with the Adviser and are not “interested persons” as defined under Section 2(a)(19) of the Investment Company Act of 1940, as amended (the “1940 Act”). A list of the directors of the Fund and a brief statement of their present positions and principal occupations during the past five years are set out below.

**Directors**

<b>Name and Age</b>	<b>Position(s) Held with Fund</b>	<b>Term of Office<sup>(1)</sup> and Length of Time Served</b>	<b>Principal Occupation(s) During the Past 5 Years</b>	<b>Number of Portfolios in Fund Complex Overseen by Director</b>	<b>Other Public Company Directorships</b>
<i>Disinterested Directors</i>					
Richard W. Meadows Age: 71	Independent Director	Term - Indefinite Length - Since inception	Retired since 2010; prior thereto Executive Vice President of mutual fund administration firm	2	0
M. Kelley Price Age: 71	Independent Director	Term - Indefinite Length - Since inception	Retired since 2010; prior thereto Executive Vice President of mutual fund administration firm	2	0
David Sung Age: 67	Independent Director	Term - Indefinite Length - Since October 1, 2015	Retired since 2014; prior thereto Partner of Ernst & Young LLP	2	The Hartford Group of Funds (73 portfolios); also directorships with multiple private wealth and fund management businesses
<i>Interested Directors<sup>(2)</sup></i>					
Jonathan Gans Age: 49	Director, Chairman of the Board	Term - Indefinite Length - Since inception	Chief Executive Officer and President of Ironwood	2	0

(1) Each Director will serve for the duration of the Fund, or until his death, resignation, termination, removal, or retirement.

(2) “Interested person,” as defined in the 1940 Act, of the Fund (“Interested Director”) because of the affiliation with the Fund and Ironwood.

**Additional Information**

Proxy Voting

A description of the policies and procedures that the Fund uses to determine how to vote proxies relating to portfolio securities is available: (i) without charge, upon request, by calling (415) 777-2400; and (ii) on the Securities and Exchange Commission's (the "SEC") website at <http://www.sec.gov>.

The Fund is required to file, on Form N-PX, its complete proxy voting record for the most recent twelve-month period ended June 30, no later than August 31. The Fund's Form N-PX filings are available: (i) without charge, upon request, by calling (415) 777-2400; and (ii) on the SEC's website at <http://www.sec.gov>.

Filing of Quarterly Schedule of Portfolio Holdings ("Form N-PORT")

The Fund files a complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-PORT. The Fund's Form N-PORT filings are available: (i) without charge, upon request, by calling (415) 777-2400; and (ii) on the SEC's website at <http://www.sec.gov>.

Portfolio Managers

The following information is as of April 30, 2021.

The portfolio managers of Ironwood primarily responsible for the investment management of the Fund include Jonathan Gans, Benjamin Zack, and Simon Hong (the "Portfolio Managers"). The Portfolio Managers each serve on the Fund's Investment & Risk Committee, which has ultimate authority for determining whether the Fund will invest in (or withdraw from) any particular investment. A unanimous vote of the Investment & Risk Committee is required for the Fund to take action with respect to any particular investment. Below are the names and biographical information of the Portfolio Managers.

Jonathan Gans is the Chief Executive Officer and President of Ironwood. He joined the firm in 1996 and is a member of Ironwood's Investment & Risk Committee, Leadership Committee, Management Committee, and Valuation Committee. He also serves as a Director for Ironwood's offshore and registered funds. Jon was previously employed at St. Claire Capital Management, where he was General Counsel and Chief Operating Officer. His prior professional experience also includes positions at the Securities and Exchange Commission Division of Enforcement and Glenwood Financial Group. Jon earned a B.A., cum laude, from Williams College, a J.D. from the University of California at Los Angeles School of Law, and is a member of the State Bar of California.
